KNOTWOOD ALUMINIUM

Designed with security and ventilation in mind, Knotwood aluminium are versatile aluminium timber-look screens, that create the perfect combination of design and airflow that is just right for your outdoor area.

Perfect for those living near the coast or simply those wanting a long lasting yet low maintenance screen!

We offer complete flexibility not only in design, but also in choices of colours, styles and sizing.

Lightweight, Durable and Low Maintenance

Available in a wide range of colours!

TIMBER

All of our Timber is fully sealed off-site prior to installation, which makes it very popular for it's warmth that it displays in its touch and feel.

We aslo can handpick all timber to have your screens match any existing timber installations.

Our timber screening is available in a range of wood grains, including (but not limited to) batu, merbau, jarrah and pine, in timber or powdercoated frames.

We use
only top
quality
timber!

CUSTOM

Have you got something different in mind? A unique design, size or material? We can custom make Screens to your preference.

Whether it's fashioning laser-cut screens into custom-designed screening partitions or carefully hand-selecting timbers and building innovative timber screening constructions.

Contact us NOW, we love to bring ideas to life!
